

## Gopalpur Industrial Park makes a presentation to AIFI Members

*Pune, 23<sup>rd</sup> February 2018*

Gopalpur Industrial Park(GIP) made a presentation to Association of India Forging Industry(AIFI) members, to attract forging companies to its industrial park, during their western region meet on 23<sup>rd</sup> February 2018 in Central Park, Pune.

While presenting, *Mr. E Rohini Pathi*, Head-Strategic Marketing of **Tata Steel Special Economic Zone**, drew the attention towards the opportunities that GIP holds for forging companies.

The meeting was attended by around 25 industry veterans such as top decision makers of Mahindra CIE, Trinity Forge etc. The response received from the attendees was overwhelming. AIFI members were interested in Odisha as it provides a very conducive environment for forging industries due to proximity to Steel manufacturing units along with the abundant skilled manpower available in the region.

Also, as electricity is another major utility required for forging industry, the low cost and reliable availability of the same have interested the participants in GIP.
